

ART HISTORY MAJOR CHECK

FSU COLLEGE OF FINE ARTS

*Within the Bachelor of Arts (BA) program in the history and criticism of art, the major in Art History requires a total of **forty-eight semester hours**, of which forty-two will be in art history and six in studio art. The foundation courses (ARH 2050, ARH 2051) provide a broad view of major artists, cultural groups, and monuments and are to be taken as early as possible, as is ARH 2030, a foundation practicum-style course on reading and writing art history as a discipline of study. Art History majors satisfy the University Digital Literacy requirement with ARH 2814. **Only a grade of "C" or better is acceptable for courses in Art History to be credited toward the major.** Students must also satisfy the university language requirement for the BA degree. **NOTE: There is no "double-counting" in the major; each separate line, excluding the language requirement, counts as three semester (credit) hours that add up to a forty-eight-(48)-semester-hour major.***
